One Grayling man and four southern Michigan residents were injured in two accidents along M-72 East.

Ernest Hale, 58, of Grayling, was hurt Thursday, Sept. 29, when his pick-up truck went out of control and crashed into the woods 1½ miles east of the I-75 overpass. The jaws of life were used to free Hale, who was taken to Mercy Hospital by the Crawford County Ambulance Corps. The crash happened at 3:30 p.m.

John Miramonti, 25, and his 3-month-old son Justin, both from Livonia, and Sue Eversole, 24, and Marianne Burgard, 67, of St. Louis, Michigan, were all taken to Mercy Hospital after two cars collided at the intersection of M-72 East and Stephan Bridge Rd. The accident took place Monday, Oct. 3, at 12:20 p.m.

In other police news, the Crawford County Sheriff Dept. received a report of a hot air balloon going down in the Frederic area early Monday morning. Searches in the area failed to find any evidence of a balloon.

5 Charged with Robbery & Assault

Four young men and one young woman from Onaway were arraigned in 83rd District Court on assault and robbery charges in connection with an attempted robbery of a 60-year-old man at the I-75 rest area just south of Grayling, Sept. 26.

Raymond Middaugh, 17, and Todd Sweeso, 20, were charged with two counts of felonious assault each and bond was set at \$50,000 cash/surety.

Paul Moran, 18, and Kenneth Kramer, 22, were charged with assault with intent to rob while armed and bond was set at \$20,000. Laurie Kramer, 18, was charged with armed robbery and bond was set at \$5,000.

Middle School Issue Survey Inside

A survey for Crawford AuSable School District voters concerning the middle school building issue is located on page 10. The survey was mailed to 2009 voters in the Sept. 12 election, and the survey inside is intended for voters who did not go to the polls Sept. 12. The survey will help school officials decide a course of action to solve middle school problems.

Cancer Society Tops Goal

The Crawford County Unit of the American Cancer Society Board of Directors met on September 16th at the Grayling State Bank. The 1983 Crusade ended very successfully thanks to the work of co-chairman Nancy Dean and Catherine Hickey. The unit is also grateful to the Northern National Bank and Mercy Hospital, sponsors of the Milltown Run held in August. The proceeds from this race were donated to the Cancer Society and helped the unit go over this year's goal. The total for the 82-83 Crusade was \$8861 - a lot of people working together in the fight against cancer. Next year's goal has been set at \$9000. Jo Nimke will be the 1984 Crusade chairman.

The Division Annual Meeting and 1984 Crusade Kick-Off will be held September 30 and October 1 at the Sheraton Inn in Lansing. There will be training, awards, and a program featuring "Clues to the Causes of Cancer." Valerie Lehti, Vice-President, and Florence Hough, Public Information Chairman, will attend from the Crawford Unit.

Holiday cookies will be available at the Cook's Cottage at 203 Michigan Avenue. The two pounds of cookies are packaged in a decorative Currier & Ives - type tin - perfect for gift-giving.

Season Passes For Hanson Park

Skiing Now Available

With the opening of Hanson Park for the 1983-84 ski season just 3 months away right now would be a good time to consider making plans for winter activities. With that in mind, the Grayling Recreation Authority has established new rates and membership fees for the coming season. Applications for memberships are now being accepted at the park offices which are located in the old Bear Museum Building. Rates for a family membership this year are \$175 if purchased prior to December 1 and \$200 if purchased after that date. Individual membership fees are \$80 prior to December 1 and \$95 after that date. This year, there is no distinction between adult and student individual memberships.

In addition to the regular memberships, this year Hanson Park will be offering a Super-Ski Ticket. The Super-Ski Ticket is a punch-out coupon which can be exchanged for \$51.00 worth of two fees. The price of the Super-Ski Ticket is \$40.

It is hoped that many area skiers will purchase their memberships early in order to provide the park with much needed money to make the necessary preparations for the ski season.

County Eyes \$53,104 in Cuts

By Jon Thompson

The Crawford County Board of Commissioners are considering \$53,104 in department cuts to keep the 1983 budget out of the red.

A mid-year budget review discovered revenues in a few departments were falling short of budget estimates and expenditures in several areas were running high.

Last Thursday the county commissioner finance committee and county treasurer presented a list of reductions amounting to \$53,104 the board could approve to bring the 1983 budget closer to balancing at the end of the year.

If the county carries a deficit into the next year, they must submit a plan to the state detailing how they aim to operate in the black. More importantly perhaps, a deficit would hurt the county's bond rating and Crawford County would have to pay more for tax anticipation loans.

The proposed reductions include a \$21,800 cut in the sheriff department - with the largest line item reduction a \$16,800 cut in vehicle purchases - and a \$9,700 cut in building and grounds, the largest line item reduction being a \$6000 cut in building improvements.

Other proposed cuts come in these areas: \$1000 - Clerk's

office, \$3000 - Elections, \$844 - Friend of the Court, \$750 - Equalization, \$600 - Zoning and Building, \$200 - Prosecuting Attorney, \$350 - Building Authority, \$1200 - Marine Patrol, \$900 - Animal Control, \$1540 - Jail, \$1000 - Ambulance, \$2300 - Parks and Recreation, \$1650 - Planning Commission, \$1350 - Zoning Commission, \$200 - Zoning Bd. of Appeals, \$1700 - Appropriations, and Substance Abuse program - \$770.

Even if the cuts are made, the county may still run into the red without further action. If the \$53,104 in reductions are approved, it would leave an estimated \$7,021 deficit. In addition, the county will probably have to pay \$15,000 in cash for radios purchased for the sheriff dept. The county originally was going to pay for them over three years but discovered it was over the legal limit for long-term financing.

There's also a potential \$29,000 increase of expenditures over budget estimates for Circuit, District, and Probate Court witness fees and costs for indigent attorney fees. Together, these could put the county \$51,021 in the hole by the end of the year.

No mention was made of lay-offs at the county commissioner meeting Thursday, Sept. 29, while discussing proposed reductions.

County Truth in Taxation Decision Due Tuesday

BY Jon Thompson

The Crawford County Board of Commissioners will decide Tuesday whether to keep all, part, or none of an approximately \$21,000 increase in tax revenues.

A 1982 law requires the board to hold a public hearing if they want to accept any increase in tax revenues caused by an increase in state equalized values.

The board held a public hearing Tuesday, Oct. 4, for comments. Last year the commissioners decided not to take all of the increase and rolled back .14 mills amounting to about a \$22,000 drop in tax revenues.

This year, with a possible budget deficit staring at them, the commissioners have the option of accepting the increase in revenues and levying the entire 7.75 mills

for the county, senior citizen center, and Dial-A-Ride. The board will make their final decision Tuesday, Oct. 11, after listening to public comments Oct. 4. If the county had not held a hearing, the millage would have been automatically rolled back .14 mills to keep tax revenues the same as last year.

The state equalized value of property in Crawford County for 1983 is \$158,806,805. Estimated revenues from current and delinquent taxes for 1983 is \$1,256,821.

With about 20,000 property descriptions in the county, the rollback last year figured to save an average single property owner \$1 apiece and a married couple 50 cents each. If commissioners did not take the 1.73 percent increase this year it would mean about the same savings for taxpayers.

Pedestrian Lights Slated For Downtown Grayling

By Jon Thompson

Four pedestrian traffic lights will be installed at the main intersection in downtown Grayling by the end of the year.

The Grayling City Council voted 4-1 September 26 to participate in a state and federal program to place four Walk/Don't Walk lights at the corners of Michigan and Cedar Streets.

The Federal Highway Administration will pay \$6,630, the state \$331, and the city \$331 for installation. The city and state will each pay \$480 annually for maintenance.

Fred Eggen, from the Michigan Dept. of Transportation, said improved federal fund-

ing is allowing traffic safety devices to be placed throughout the state. He said the Federal Highway Administration is insisting pedestrian traffic lights be installed in areas where a large amount of people are using busy streets.

The downtown Grayling intersection is also part of the I-75 business loop. Eggen said several persons had told him it was difficult to see the traffic light signals above the street when the sun was shining.

A state highway crew from Lansing will likely install the lights within 2-3 months Eggen said. The state highway dept. proposed the installation of the traffic lights Sept. 23 to the city council.

A New Health Service Is Coming to Crawford County

Starting Monday, October 10th from 3:30 p.m. until 7:30 p.m., you can come to Mercy Hospital and have your blood pressure monitored to find out if you have high blood pressure without any cost to you.

Through the cooperation of Mercy Hospital and Crawford County Chapter/American Red Cross, Volunteer Nurses, both RNs and LPNs, will take your blood pressure - a simple and painless procedure that takes but a few minutes - and only you will

be told the results.

It is estimated that less than one third of the people who suffer from high blood pressure (Hypertension to the medics) are aware of their condition; yet it is acknowledged that one of every four adults is afflicted.

Hypertension is the cause of most cardiovascular disease our Country's biggest killer, yet, in almost all cases when discovered in its early stages, it can be controlled by changing life styles and taking

medication.

Mark your calendar if you haven't had your blood pressure checked in a year or more and drop in at Mercy Hospital Monday, October 10th between 3:30 p.m. and 7:30 p.m. and make sure you are not a victim of the "silent killer".

Just a few minutes of your time to find out. If you have high blood pressure you can get to your own physician and probably keep out of trouble by finding out NOW!

Does Red Cross Deserve Your Support?

by Harrison Goodhue for American Red Cross

Last week under this headline we received one of the vital humanitarian services that Red Cross renders the folks of Crawford County - Blood Service.

In this article we would like to review a second vital humanitarian service that Red Cross, and only Red Cross, renders our citizens - Disaster Relief.

When American Red Cross was chartered by the Congress of these United States in the early part of this century, the Congress charged Red Cross with the responsibility of providing immediate relief to the victims of natural or man made disasters by providing food, clothing and shelter.

Almost every American knows how thoroughly and expertly American Red

Cross has responded to that charge! Red Cross is always first, and virtually immediately, on the scene of every national disaster whether it be a hurricane, a flood, a tornado, or a tragedy such as when the balcony of a new hotel collapsed in the Midwest and dozens were killed and hundreds injured. But most Americans do not know that Red Cross is

County-Wide Address Change Could Help Emergency Crews

By Jon Thompson

There's a fire called in - did the excited homeowner say Pine Trail or Pioneer before they hung up?

There's a stranger breaking into the garage and the scared babysitter can't tell police how to get to the home.

A man suffers a heart attack and an ambulance crew is sent miles out of the way because of poor directions.

These dangerous situations can be avoided, says Ed Holtcamp, a Michigan State Police consultant who helped organize the new Beaver Creek Fire Dept. Holtcamp is a proponent of a county-wide address change over to a street and number grid system used across the country by Consumers Power instead of the current rural route and box number used by Grayling and Frederic post offices.

"Why should we spend countless hours of preparation saving time getting out of the fire station and then waste time trying to find the place?" Holtcamp asked.

Holtcamp, who spoke to county commissioners last Thursday at the request of Sheriff Joe White, said the Consumers Power system eliminates confusion.

"An excited caller telephones the dispatcher at the sheriff department in Grayling and they're hard pressed to give simple directions. Then the dispatcher has to turn around and give the emergency service directions. So the firemen, police, and ambulance crew, are getting hurried directions third-hand," Holtcamp said.

Under the Consumers Power system, street names are coordinated and numbers are assigned to every 100 feet along a street on both sides of the road.

"Using the street and number system dramatically decreases response time,"

Holtcamp says. "Emergency crews can easily locate, say an 800 block of a street, and even know what side of the road the house is on."

Part of Beaver Creek and South Branch townships have already switched over to the street and number system because the Roscommon Post Office asked its patrons to change by September.

Holtcamp explained the advantages of the street and number system to the commissioners and they are considering supporting a county-wide change.

Grayling Postmaster Jim Baker said Houghton Lake is another area switching over to street and number. He said there's a lot of confusion there and the post office is running out of address change forms used to notify others of an address change.

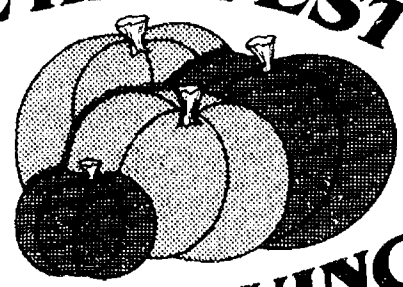

Baker said the first thing they would have to do here before changing to a street and number system would be to straighten out the names of the streets throughout the county to avoid duplication.

"It would be a lot of work and a lot of people aren't going to like having their address or street name changed," Baker said, "but I can see how the system would help fire departments, police, and ambulance crews."

Beaver Creek Fire Dept. wants to install a computer system for \$4100 that would file information on every structure in the township. The system could store information about the structure, the nearest water supply, fastest route to the area, plus special medical problems or handicaps of household members, and spit out the facts within five seconds to firemen and other emergency crews. The key to easy filing, however, is the street and number address system.

The Beaver Creek Fire Dept. is also pushing Address Change on P. 6

From Our Corner...

What a beautiful Sunday...quite a bit different from last Sunday...now if I were a golfer we'd probably be chompin at the bit to be out on the links instead of sitting here and staring at ol' Smithy...but then we're not a golfer and we came down to the office before our bride decided I should clean up the back yard...work like that never did set to well with the ol' fella, never did have a green thumb and dislike grass like we do snow, all they both mean is work...one to shovel and the other to mow...

Speaking of golf and our bride...she has to hold some sort of distinction in the game of golf...she paid her membership to the Grayling Country Club last May, and played one round before she went into the hospital in Rochester, Minnesota...now that has to be the most expensive round of golf in Grayling...Michigan and possibly the United States...we hesitated to ask her how much a membership costs for a year at the club so really can't figure out how much it cost her per hole...

We really expected more, but got only one response from our last week's corner...a gentleman called and wanted to know where the money was going to come from to run this new state...he said he was retired from Warren, Michigan and now lives up here...we asked him to write and give his viewpoints, just as we would like to have more input from others that have lived here all of their lives or have just moved here...we will gladly give space to those views, pro or con, something like this needs input from many persons...we made our stand for a new state...we will gladly let our readers hear from those who oppose the new state...or are for it...

Herewith are a few quotes given to us, from Mrs. Lamont Hamlin, authors unknown, but we wish we had made them...

"Among trees one hears the world breathe"...
"Wisdom is knowing what to do next; virtue is doing it"...
"When in doubt, do the friendliest thing"
and "Bloom where you are planted!"...Here's a quote by Albert Einstein I like, "I never think of the future. It comes soon enough..."

In case you didn't notice, this is Monday afternoon already...and we still haven't finished this turkey...we left it Sunday afternoon in a bright sunny day and now trying to put the finishing touches on it during a dark dreary, rainy Monday...just the opposite from last week which made every one feel fine to have the nice weekend to play in...

We did make it home in time to watch part of the Rams-Lions football game which was quite boring to us, as we had looked for the Lions to roar back from their last defeats, but all they did was play pussy cat to the Rams and their star running back Dickerson...we missed the cheerleaders at half-time because we were in the kitchen doing our regular chores of putting the dishes away after our bride pushed the button to wash them...its heck to be hen pecked the way I am...I didn't have the answer to the question why I had to watch the half-time show...she said she thought I was only interested in football...at the time I could have told her I like to watch the bands, but then she already knows we're not musically inclined...

Enough...this does it for this week's turkey it's bad enough to have a Monday in the week when you have to start work all over again...and this Monday was twice as bad as it has been overcast and rained the whole day...so with this chore done we're heading for the wagon shed...goodnight T.J., Stefany and Amber, and to all of our readers, have a very nice weekend...

The Avalanche — Your Want Ad Paper

The Bible Speaks

From Calvary Baptist Church

EVOLUTION OR CREATION?

Jonathan Schell in his book, "The Fate Of The Earth" based much of his logic and reasoning upon the theory of evolution as the cause of man's origin. He spoke of "billions of years of evolution" on page 87. He spoke of 4 1/2 billion years of evolution producing man about 1 million years ago, on page 181. He spoke of "the earth, as the mother of us all" on page 77. He spoke of the earth as our source of life on page 94. He referred to destruction of the earth as hacking "that aged parent in pieces" on page 123.

To Schell, life is a mystery: "The earth is a compound mystery for it presents us with the mystery of life in its entirety, the mystery of every individual form of life, and the mystery of ourselves, and all our thoughts and works (Since we are earth-made, investigation of the earth eventually becomes introspection.) Page 73. The Bible says: "And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul." Genesis 2:7. Do we owe our life and breath to eternal matter and mother earth, or to an eternal God who created both matter and man?

Schell believes we all came from dumb animal ancestors: "...we know now he needed the aid of an ever remote past that mankind too long remained ignorant of: the millions of years required to transform his dumb animal ancestors into conscious human beings." Page 120. The Bible says our first parent Adam had the intelligence to give names to

all the animals and birds God created. Genesis 2:20.

Man was created by God in His own image: "And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping things that creepeth upon the earth. So God created man in his own image, in the image of God created him; male and female created he them." Genesis 1:26,27. Creation by God in the image of God gives man superiority and authority over the animal world.

God reminds us about those who reject the creation of the image of God in man, and instead exalt the image of man and animals in His place: "Professing themselves to be wise, they became fools, And changed the glory of the uncorruptible God into an image made like to corruptible man, and to birds, and fourfooted beasts, and creeping things.. Who changed the truth of God into a lie, and worshiped and served the creature more than the Creator, who is blessed forever. Amen. (adv.)

RSVP Reports

by Sherry Haag, Dir.

Welcome to news of the Retired Senior Volunteer Program. President Reagan has issued a proclamation designating the period of May 1, 1983 until April 30, 1984 as National Year of Volunteerism. He calls upon all organizations, groups and interested people to celebrate this event by acknowledging and recognizing those persons who give so freely of their time and talents.

RSVP wishes to thank all the senior volunteers who throughout the year say yes when we call with a request. Your volunteer time is as important, if not more important, now than during your pre-retirement years. Without your volunteer hours, many agencies and organizations would not be able to provide much needed services to the community.

Speaking of volunteering, persons are needed at the elementary school for one-to-one tutoring, training provided. Middle school also needs persons for one-to-one help. High school needs persons for library aides and occasional one-to-one help.

We occasionally have need for persons who can type. If you have typing abilities and would like to volunteer, please give us a call. Most projects can be done at your home, but occasional help is needed at various agencies and offices.

RSVP's Annual Mail Campaign fundraiser will be held the first week in November. Over 4,000 letters will be mailed and help will be needed to fold, stuff, label and seal the envelopes. If you're interested, please give the office a call at 348-4341 or 348-8322.

Grayling has been called the Volunteer City of the U.S. With your help, we will continue to keep that title. Thanks to all you who give so much of yourselves to others.

Foundation/Michigan, Childrens Leukemia Foundation, Kidney Foundation of Michigan; Michigan Association for emotionally Disturbed Children, Michigan Heart Association...the list and need for support goes on. There is no family or individual in our community totally untouched by the works of the United Way agencies, most of us benefit directly and all indirectly.

Educating our community to the United Way system is so important. Many individuals express concerns that their donations may leave this community. In the year 1982 our local United Way raised \$8,513. Of this money we in turn supported United Way of Michigan with \$1,413 dollars. For

Fiscal year '82 United Way of Michigan allocated Crawford County \$10,134. These figures should motivate our community to support and encourage United Way in our county.

A community that shares - cares. With your support Crawford County United Way 1983 goal of \$15,000 can be reached or perhaps beat. Thanks to you United Way works...Thanks to United Way our community helps agencies continue to work.

Cesarean Support Group

To all expectant parents: You probably know how to prepare for a natural childbirth. "Making your unexpected or planned Cesarean Birth a rewarding and happy experience" will be the topic of the Oct. 13th Cesarean Support Group meeting, 7:30 p.m. in the Conference Room of Grayling Mercy Hospital.

Few of us would choose a Cesarean birth, but if, either before or during labor, it is determined to be necessary, a Cesarean delivery can and should be rewarding for the father, mother and baby with some preparation beforehand.

As Cesarean parents, we will discuss with you what to expect, what options are available and how to make postpartum recovery easier. We do not question particular doctor's practices or give individual medical advice. We hope to present questions regarding Cesarean birth that you should discuss with your own doctor so that you can still enjoy your childbirth experience should a Cesarean become necessary.

The meeting is free and open to all concerned. Cesarean parents are always welcome to share their experiences and concerns with us. For more information or support please call: Barbara Luebke (348-9643), Barb Hunter (348-9306) or Anne Farnsworth (348-8395).

Senior Citizens Homemaker Service

Thanks to Myrtle McPhail, I hope that we have all of the Crawford County Senior Citizens Vials of Life, new ones installed and the old ones up-dated. Myrtle McPhail was the Crawford County Health Nurse for many years. Now that she has retired she has volunteered many hours to blood banks, Mercy Hospital and the Senior Citizen Center. The past two Thursdays Myrtle McPhail & Adene Feters updated and made new Vials for about 30 Senior Citizens. Thank you very much Adene & Myrtle. The Seniors and all of us really appreciate the very valuable hours that you have volunteered.

Myrtle and Adene will be doing Vials for our homebound Crawford County Citizens. If you are homebound and need a Vial of Life or need your present Vial brought up to date, give me a call at the Senior Citizen Center (348-9314) and I will set up an appointment for Myrtle or Adene to come to your home and take care of your vial for you. For those of you who aren't homebound and didn't get your Vial taken care of, call me and I will set up an appointment for you here at the Center.

Now that Autumn is here and Winter will be upon us very soon, maybe you will have a few hours that you would like to volunteer some time to visit or telephone a lonely homebound Senior Citizen. If you do have, please give me a call. Also if you know of a homebound person that would benefit from any of our services, homemaking, transportation, telephone reassurance, friendly visiting & meals-on-wheels, please give me a call.

Facts of Law

By

Alton T. Davis
Attorneys &
Counselors at Law

New York state has just passed a new law for victims of crime. At the time the guilty party is sentenced, the victim can elect to receive restitution damages.

An INVITEE is a person who enters your home or business with a direct or implied invitation to do business there for your benefit. Invitees include customers in restaurants or offices, passengers on public transportation, or an invited salesman.

If a person meets all necessary requirements for welfare assistance, he or she may not be denied welfare simply because of not having lived long enough in the state, the U.S. Supreme Court has ruled. There is no residency requirement to be eligible for welfare.

In 1988, Congress enacted a statute which allowed wiretapping by federal investigative officers, generally to combat organized crime. Some states allow state and local police to use these techniques, but Pennsylvania has a total ban on these devices on the state and local enforcement levels.

Be a well-dressed woman in California - a law there states that a woman wearing a housecoat cannot go for a drive.

Red Cross

(Continued from Page 1)

almost always first on the scene of local disasters, such as the "burn out" of a neighbor's home.

If the victims are not insured, such a burn out is as great a disaster to the victims as if a tornado had destroyed much of the community.

Crawford County Chapter of American Red Cross has rendered full Disaster Relief to all the victims of local disasters in Crawford County since 1974 when a tornado struck our community of Frederic, but most residents of our community do not realize that they have.

There have been 29 uninsured burnouts in Crawford County since 1974 and Crawford County Chapter/American Red Cross has given the victims \$12,984.66 worth of food, clothing and shelter - an average of \$447.74 per case.

This relief were gifts to the victims and were made possible by the financial support of the Good Neighbors of Crawford County who contribute money to this Red Cross Chapter! And only Red Cross provides this protection to the people of Crawford County!

The fiscal year just ended last June 30th was the worst for disasters in American Red Cross history. Ordinarily \$25 to \$30 million in annual relief costs is considered a tough year. By the spring of 1983 due to the worst floods in history in many areas and unbelievably freak weather conditions, Red Cross relief costs had exhausted the 1983 fiscal year budgeted funds as well as Red Cross \$11 million relief reserves. It now appears that when the final total relief expenditures for fiscal 83 are established the cost will exceed \$50 million.

In April 1983 American Red Cross had to launch a Disaster Relief Fundraising campaign to raise \$15 million to restore their relief fiscal position to normal. It now appears that the campaign goal will be achieved, thanks to the marvelous response of the American people, and Red Cross relief operations will remain normal.

When Congress charged American Red Cross to provide food, clothing and shelter for the victims of disaster, they also charged American Red Cross to raise the money necessary to accomplish such disaster relief. No Federal, State, or Local Tax monies are granted American Red Cross to accomplish their disaster relief mission. American Red Cross must raise the needed funds by contribution from Americans, and that is accomplished by each local Chapter sharing their contributions with the national operation.

As national had to draw on their reserve relief funds this year, so has Crawford County Chapter had to draw on their reserve funds in the past, and undoubtedly will have to at times in the future, but this Chapter has not yet failed a Disaster Victim since 1974 and with your help we never will!

A disaster caused by fire, windstorm, tornado or floods could happen to anyone. If it happened to you or your family you would want Red Cross to be at your home first and ready to extend full Red Cross disaster relief at once, wouldn't you? And Red Cross will be there if the folks of Crawford County will pay a reasonable "premium" to "insure" this protection by making a financial contribution to Red Cross.

You will undoubtedly receive a letter from this Chapter in a day or two if you have not already received one asking for your financial support. If you do, won't you please use the contribution envelope enclosed to send a donation to assure this vital humanitarian Red Cross Service is continued for you and your families benefit?

If you don't receive a letter, won't you please send a check anyway to Crawford County Chapter/American Red Cross, RR2, Box 2515, Grayling 49738?

Watch for this headline in the October 13th issue of The Avalanche, when we will tell you about another vital humanitarian service that only Red Cross provides.

The New Dream

By Rev. Thomas A. Bruno
Minister of
The Congregational Church
Roscommon

It was the summer of 1957 and I was in Times Square New York City. In case you have never been there you are missing an experience of a life time. I had just come out of the theater after seeing Cecil B. DeMille's "The Ten Commandments", starring Charlton Heston. The movie was awe-inspiring to say the least.

At the entrance of the movie theater was a representative from a Bible company selling Bibles. I knew so little about the Bible then, and I was spell bound as he told me that I could read for myself the very words that God spoke to Moses. Wow, I thought that would be exciting, and with that I reached into my pocket and pulled out my money. I still have that family Bible in my possession.

1983 is the year of the Bible and I am going to celebrate it in a few weeks by beginning to read a portion of it each day until after 12 months I have completely read it through.

The Bible is a marvelous book containing the Words of Life, words of wisdom and counsel, words concerning the history of Israel and a glimpse of the future. It is a book of reality which describes heroes and failures. It has been an all time best seller since it was printed.

What a great way to celebrate the year of the Bible, by reading it from cover to cover. If you can spare 15 minutes a day and are willing to read with us regardless of your church background please forward your name and address to me so we can get started. The Rev. Thomas A. Bruno, P.O. Box 215, Roscommon, Michigan 48653. I am eager to get started! Imagine the very words God spoke to Moses. Wow!!

Rules Oppressive and Duplicative to Business

Warren M. Hoyt, Executive Director, MPA

Many state regulations and rules are unnecessary, oppressive and duplicative in ways that discourage business activity, the Joint Committee on Administrative Rules was told.

The committee held a series of hearings in which businesses were asked to specify rules of the Dept. of Commerce, Labor, Natural Resources and Public Health which could be eliminated without jeopardizing health, safety and welfare.

Business representatives complained both about the rules themselves, which they said in some instances frustrates purposes of state law, and about the attitude of the regulators.

"I can't help feeling a portion of the unemployment problem in this state is related to excessive regulations which are burdensome, unnecessary and relate little to the enhancement of employee safety," said James Fearh of Consumers Power Company and testifying for the Michigan Manufacturers Association.

Fearh criticized the state for frequently leading the way in imposing health and safety rules, in some cases he said, when no existing hazard is shown.

And he said businesses too often are placed in a position of having to prove health or safety rule compliance, because regulators will issue a citation if there is even doubt a rule is being followed.

He added appeals process to overturn the citation is costly, time consuming and in many cases, unnecessary.

Pat Nixon of the Michigan Coalition for Clean Water said much of the problem was failure by agencies to follow the administrative procedures act, particularly in issuing guidelines outside the rulemaking process and, therefore, without public hearings or review by the joint committee.

He suggested the law be changed to provide that regulations imposed outside the act's provisions be

declared invalid from the outset and for the agencies to pay for legal costs incurred by a business fighting the invalid regulation.

Representatives from health maintenance organizations criticized many rules which they said impose special burdens and inhibit their ability to effectively compete with more conventional health care providers.

Alan Suits of Health Central of Lansing, said such rules run counter to public policy authorizing HMO's in an attempt to hold down medical costs.

He cited one instance where a new Health Central office was delayed by six months while the Department of Public Health reviewed its application for a certificate of need and in the meantime, two doctors established offices in the city of the proposed office.

Suits said the certificate of need should not be required for HMO service expansion areas.

Mike Haines, chair of the Legal and Legislative Committee of the Michigan Oil and Gas Association, cited several rules which he said presents "significant problems" for the oil and gas exploratory industry.

He urged the lesser standard for sulfur dioxide emissions to put more emphasis on economic reasonableness for new sour gas sweetening facilities, and exception for venting "minor" amounts of sour gas, elimination of a requirement to notify adjacent property owners of exploration activities, and implementation of rules providing for self-inspection of flammable gas and liquid storage and filling locations.

Rep. Michael Griffin (D-Jackson), chairman of the joint committee, said the committee would now begin meeting with officials from the agencies and divisions within the agencies and let them justify the regulations.

Griffin said that by the end of the year he hoped to begin moving into the final phase of the project of actually revising rules.

Gabriel-Pasternak Speak Vows

The marriage vows of Miss Dawn Marie Gabriel, daughter of Mr. and Mrs. Gerald Gabriel of Lake Margrethe, and Paul Gerard Pasternak, son of Mr. and Mrs. Paul Pasternak, of Mio and Carmen Pasternak of Saginaw, were spoken at two o'clock in the afternoon on Saturday, August 13, 1983 at St. Mary's Catholic Church at Mio.

The double ring ceremony was performed by Father Gregory before two hundred guests. Music was provided by Mrs. June Feldhauser, great grandmother of the bride, who played the organ and sang. Selections were "A Time For Us" and "We've Only Just Begun". The altar was decorated with purple Gladioli, white Mums, Stephanotis, Baby's Breath, large white bows and lighted tapers completed the setting.

Given in marriage by her father the bride chose a traditional gown of chantilly lace over taffeta with a Queen Anne neckline surrounded by pearls and sequins. The bishop sleeves were edged with lace appliques with deep cuffs and sequins. The skirt fell from a lace accented raised waist and had a sweeping chapel length train. A crown of pearls & sequins held the cathedral length veil edged in lavish chantilly lace. She carried a bouquet of white Roses, purple Mums, Stephanotis & Baby's Breath with purple, pink and white streamers.

Maid of honor was Miss Starrla Baade, bridesmaids were Miss Wanda Gabriel, sister of the bride and Miss Linda Newberry. They wore long dresses of lace over purple taffeta with a high Victorian neckline, long sleeves trimmed with chantilly lace, a bustle at the back, and a long white tie belt. Each carried a bouquet of white Roses, purple Mums, Stephanotis with purple, white & pink streamers.

Serving as bestman was Pete Szebeloc of Mio, groomsmen were Scott Gabriel, brother of the bride and Scott Benson.

For her daughters wedding Mrs. Gabriel chose a gown of Mauve with a scoop neckline and semi-sheer knit polyester bodice overlay. Her corsage was white Roses.

The groom's mother chose a long gown of floral print with a scoop neckline. Her corsage was deep red Roses.

Wendell L. Hoover
Park Interpreter

Labor Day, it seems, was
yesterday, but the calendar
tells me the month is more
than half over. September
has been called "the moon
when the birds fly away."
We still have some time
before the snow comes, but
time does indeed grow short.
The animals sense this as
evidenced by the activities of
mice, chipmunks, and
squirrels who are busy
filling their caches with
various seeds. I am sure the
bear are equally busy adding
fat for their upcoming winter
siesta. If the beaver are not
already cutting and storing
their winter supplies near
their lodges, they soon will
be. As ice-up time nears, the
beaver will make their
lodges weathertight and
repair or strengthen dams.
The muskrats or musquash
are also busy adding
bulrushes and other
vegetable matter to their
lodges which look in many
ways like a miniature
beaver lodge. Have you
noticed that the deer look a
bit different? They are not
quite into their gray winter
coats, but the reddish sum-
mer coat is not as bright.
The fawns have lost their
spots or at least the spots are
not as plain. Park visitors
remark about the lack of
birds and indeed the forest
seems empty of the feather-
ed residents. The everjoyful
chickadee is still here as are
the nuthatches, woodpeckers
and blue jays. The hoarse
call of the raven can be
heard as can the hooting of
an owl as evening and winter
draw near.

Big Plays Beat Vikings

By Jon Thompson

A 65-yard punt return, 80-yard punt, and 35-yard touchdown pass led Rogers City to a 28-12 league win over Grayling Friday.

"We won some battles but lost the war," head coach Bill Klinger said.

Grayling played their best offensive game and the Viking defense limited Rogers City to just 14 plays in the second half. Overall, the Green and White ran 38 plays to Rogers City's 38. But Rogers City came up with the big plays.

Stopped on their own 15-yard line, Rogers City punted with the wind and the ball rolled all the way to Grayling's five-yard line. The Vikings couldn't move against the wind and Rogers City trapped them for a safety.

Rogers City scored twice in the 2nd quarter, one coming on a 35-yard pass, before Grayling got on the scoreboard. The Vikings tackled Rogers City's punter on his own five-yard line and Barsie Cross ran the ball over for the score after the offense got the ball. Grayling's pass for two points fell incomplete.

Rogers City struck again in the 3rd quarter with a 65-yard punt return for a touchdown. Grayling came back strong on a 60-yard drive with Jon Nicholas going over from the one for the score. An extra-point kick went

wide.

Rogers City later scored at the end of the game after intercepting a pass and running it back near the goal line. Their two-point conversion was good.

Cross wound up with 100 yards rushing on 14 attempts. Nicholas earned 78 yards through 19 attempts as Grayling pounded out 193 yards on the ground. Jim Stewart was 6/18 in passing for 58 yards.

Grayling had a couple of holding penalties hurt drives and one interception halted a drive at the 10-yard line.

Rodney Patterson, Greg Helsel, Darrin White, Lance Davis, Gary Gugin, and Cross led the defense.

Grayling fell to 2-2 overall and face Gaylord Friday there.

The J.V. team lost to Rogers City 14-0.

Par For The Course

During a perfect September day, "Fall Bash" ended up the Grayling Country Club social season on Saturday, September 24, 1983, with one of the nicest parties of the season.

Following the cocktail hour from 6 to 7 o'clock, a prime rib dinner with salad bar and dessert was catered by Barry McClanahan and his staff of Bear's Country Inn. The sit-down dinner was rated by the members as being fabulous. The hors d'oeuvres table prepared by Gordon Cheyne and his country club staff for the cocktail hour was also rated as superb. The table was centered with an arrangement of fall fruits and vegetables.

Over 80 people enjoyed the dinner and an evening of dancing to the Gaylord Music Makers. During the dancing there was a snake dance throughout the clubhouse, the hokey pokey, and a surprise king and queen were elected from each table for a special dance and a special surprise gift.

The committee of Bernie and Donna Pottorff, Arnie and Babe Mauren, Vince and Babe Aderente, Bill and Phyllis Scheer and Dick and Jean Raab, were responsible for a great party and wish to compliment Barry McClanahan and his staff and Gordie and his staff for the marvelous food.

Bud Ostrowski and Randy Friar led the team with 8 tackles each. Ron Mehlhorn had 7, Jeff McClellan 6, Jason Welser 4, Marty Jung 4, and John Kinney had 4.

Girls Keep Winning, Up Record to 6-0

Grayling, using one big quarter in each game, knocked off two league foes last week in running their record to 6-0 overall and 2-0 in the Michigan Huron Shores Conference.

Against Boyne City there Thursday the Vikings used a 19-1 advantage in the last period to win easily 57-28. Against Petoskey at home Tuesday, Sept. 27, Grayling outscored the visitors 16-5 in the second period and held on for a 49-44 win. In each of Grayling's six wins they've exploded for one big quarter.

"Our bench is stronger than its ever been and that is the reason for our success," head coach Tom Mills said.

Against Petoskey, the Vikings opened their league play with a win despite having leading rebounder Kris Laudenslager out with illness and with leading scorer Heidi Bendig on the bench for about a quarter because of foul trouble.

Bendig still hit for 20 points to maintain a 20-point average and Karyn Reynolds added 14. Stacey Wolcott grabbed 12 rebounds, Michelle Barber 8, and Dawn Phelps 6 to pick up the slack. Wolcott added 8 points, Erin Jones 3, and Shelly Trenary and Barber 2 each.

Grayling and Petoskey played to 11-11 tie after one period before the Vikings ran off a 27-16 half-time lead. Petoskey closed to within one point in the last quarter but Mills said his team played strong inside and didn't turn the ball over to preserve the win.

The game with Boyne was close, 38-27 after three periods, until the final frame. Boyne managed to try only two shots the whole 8 minutes while Grayling scored 19.

Bendig scored 20, Reynolds 8, Trenary 7, Heidi Derenzy 5, Barber 5, Wolcott 4, Jones 4, Laudenslager 4, and Derenzy and Laudenslager led with 7 rebounds each.

Grayling played Cheboygan Tuesday at home and travels to Gaylord Thursday in two important league matches. Cheboygan and Gaylord are 2-0 tied with Grayling and appear to be the strongest teams Grayling will face in the league.

The J.V. team improved their season record to 4-2 beating Petoskey 37-36, when Tina Meldrum made both ends of a one-and-one at the end of the game, and whipping Boyne City 36-10.

Grayling Elementary School

On Tuesday, September 20, Grayling Elementary staff had an inservice on "Palmer Method" handwriting. Mr. Daniel Topp, consultant for the Palmer Company, talked about the problems, their causes, and ways to correct handwriting.

During the inservice the staff learned about writing position, slant, correct holding position of a pencil, alignment of letters, and speed of writing. This information will be used to help the teachers help the children improve their handwriting.

Surprise 50th Anniversary Party

On September 20 at the Senior Citizen Center, Nick and Evelyn Shuraleff were feted with a 50th Anniversary surprise party. Although their anniversary is the 14th of February, their friends knew that many of them would be in the south at that time. A delicious chicken dinner and three tier cake was prepared and served by the cooks at the center.

Following dinner, Angela Kirkum and Earl Westbrooke sang, "They Tell Us We're Too Young" followed by a duet on the zephyr by Frank Hoffman and Dr. Bob Feldman.

A mock wedding followed. After the exchange of gold rings, the couple was presented with a proclamation in gold from the mayor of Grayling for their volunteer work done in the city and a letter from the President of the United States honoring their fifty years of marriage. A book, "This Is Your Life Evelyn and Nick" was also presented. A dance followed with music played by Tina Kennedy. Everyone had a wonderful time and we all wish them many more wonderful years together.

SCIENCE CLASS—On Wednesday, September 21, 1983, during science our fifth grade class from Grayling Elementary learned about pill bugs. We watched them through magnifying glasses. Then we studied them with wet and dry areas. We did it also with light and dark. We used foil, tin pie pans, paper towel and magnifying glasses. We studied quite an extraordinary bug. We had a lot of fun and learned a lot about science. Pictured studying the pill bugs are Mickey McKinney, Lucky Gunter, Andy Barkway, Heather Garnett, and Shannon Hinds. The Orangecoast Roundup this year will have a brand new look as virtually everything about it is changed. It will sport a new buck pole located at Skip's Sport Shop. The contest will be extended to two days, November 15-16. In almost every division prizes will be awarded for each of the two days.

The only single prize award will be a deer rifle with a scope for the largest rack downed during the two days. For the first ten bucks brought to the Orangecoast headquarters each day, a \$25 savings bond will be presented.

Additional prizes will be handed out each day for the heaviest buck, first woman to bring in a buck, oldest man to hang a buck, the youngest hunter with a buck, and the first buck hung each day.

Members of the committee for the roundup include "Skip" Madsen, Larry Raymond, John Alef II, Dean Molnar and Don Geiss. The committee members and other volunteers are presently at work selling tickets to assist in financing the greatly enlarged program. Prizes include, first place, a Redfield Tracker Rifle Telescope 3-9 power valued at \$140.00, second prize is a pair of binoculars valued at \$75.00 and third name picked will be the winner of a rifle case suitable for use with a weapon sporting a telescope, valued at \$40.00. More details on the Orangecoast Roundup in later columns.

Mentioned briefly in this column last week was the fact that the Artain is coming to Grayling. It occurred to us that some persons may not be familiar with the train and the contribution it will make to the area. As the name implies it is an art gallery on wheels. It will be an excellent opportunity for young and old alike to visit without charge, the finest in artistic works. The exact schedule for its arrival is not known at this time but it will be here for five days sometime from Mid-April to Mid-May. As more details become available they will be announced in the Avalanche.

The Holiday Inn announced recently that they will once again run their Shopper-Stopper Special during the Christmas Season. The program will run between November 27 and December 23 and merchants have been asked to turn in sale item discount coupons to the inn by November 10.

According to Innkeeper Hertha Laupmanis, the program proved to be very successful last year.

The dates for the Color Tours in Crawford County will be October 15-16. Originally the dates were to have been one week earlier but Mother Nature did not cooperate.

The tours conducted by Dial-A-Ride and sponsored by the chamber will last for two hours and will cover a routing north on M-93 to Crawford County 612 and then west to the Manistee River Road, south to M-72 and east to Grayling.

Stops will be made along the way to take pictures and discuss the reasons for the different colors. Cost for the trip will be \$1.00. Persons who wish to drive their own car may follow the bus and join the discussions at each stop.

The tours will be held at 10:00 a.m. and 2:00 p.m. They will begin at the City Park.

This week we welcome as new members into the Chamber, The Straits Corporation and Moore's Automotive.

MAY WE COME IN?

Let us introduce ourselves... WE are the hundreds of millions of earnest souls the world over who believe it's God's world and He makes a difference.

We worship Him and seek inspiration in His truths. We bring our children to His house for religious education. We encourage their growth in the faith of our fathers. In our every day pursuits we try to live up to our convictions. Failing... we seek God's help as we try again.

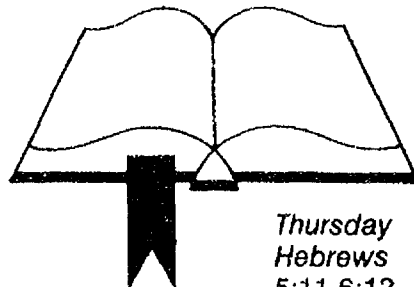

Our spiritual heritage is yours also. In worship each week we share its reverent expression.

May we come into your life? Please come into ours!
